

DUMPTRAILER/WALKING FLOOR DRIVER

Description

To drive on, primarily, commercial routes, to transport construction debris for disposal and/or deliver large quantities of mulch. Responsible for safely, efficiently, and courteously serving customers.

Essential Duties and Responsibilities (but not limited to)

- Performs daily pre- and post-trip inspections. Completes and submits the vehicle condition report at the end of the shift.
- Drives truck along designated routes from our facility to various locations.
- Cleans loose trash off of truck and/or ground around truck and trailer that spill during dumping process to maintain clean customer site and safety along roads and highways.
- Cleans waste debris from the truck body on each run. This ensures that equipment operation will continue safely and productively.
- Courteously interacts with customers and/or the general public along the route to answer questions or respond to requests. Notifies supervisor of issues requiring management action.
- Maintains and submits a DOT logbook, daily route/productivity sheet, and vehicle condition report (post-trip inspection sheet).

Skills/Abilities and Knowledge (but not limited to)

Knowledge of the truck and its components, and the basic maintenance requirements for safe operation. Ability to read and write well enough to complete vehicle condition reports.

Must meet the following requirements:

- 1) Class A
 - 2) Two years or equivalent commercial truck driving experience, and
 - 3) In the most recent 36 month period, as verified by a current MVR/driver abstract:
 - a. no more than one moving violation or accident,
 - b. no suspensions or revocations due to a moving violation or accident, and
 - c. no DUI (driving under the influence) convictions.
- Must demonstrate ability to maneuver truck into and out of minimum clearance spaces, using mirrors to back distances up to approximately 120 feet. Able to use a key map and GPS to locate service addresses.
 - Able to follow safe operating practices, including lock out/ tag out procedures to ensure truck is inoperative when working in the truck body.
 - Monitors operations to detect loose debris, using mirrors or direct sight and/or listening for debris falling onto truck during dumping operation. Visually scans customer site before and after dumping. Able to follow safe operating practices.
 - Able to learn and use interpersonal skills relating to good customer service.

- Ability to read, write, and comprehend the reports well enough to accurately complete daily assignments.
